Concepts In Uniform Design
About You and This Catalogue

This is a catalogue of uniform ideas.

Since 1936, we have designed and manufactured garments for the uniform industry.

The choice of style, fabric, color, quantity, is yours.

You may pick one of our designs; you may combine detailing from several of our designs. We will use your fabric or ours; we will use your labels or ours.

You may send us your samples; you may send us your drawings. We are happy to work with you and your specific needs.

We have many patterns: You may use ours; you may provide your own; or, for a nominal charge, we will have them designed and graded for you.

We are a custom house. We do not stock our merchandise. Every order we process is unique.

Screen-printing, embroidery, identity patches are available on a per-order basis.

Accessories are also available in order to complete your design.

Pricing is based on fabric, styling, and quantity. Each order is priced separately.

Garments are manufactured according to proportioned stock patterns. Our styles are customized; our sizing is not.

Delivery is based on your need, complexity of your order, and our production schedule. 4-6 weeks is the norm. It may take more or less time, depending on the above factors.

We look forward to working with you.

(additional or special fabrics available upon request)

NOTE: All of our colors are vat-dyed through & through, will not fade; however, some shades will crock prior to first washing. For garments that blend 2 or more colors where a very deep color may crock onto a lighter color, a first-time hand-washing of the garment is recommended.
